## Method of Use for the Turbo Function

# MMP-7070T

The TURBO function allows you to create strong alkaline or strong acidic water. These types of waters are ONLY to be used for cleaning, sanitizing, and disinfecting purposes. **Never drink these types of waters.**

### TURBO Strong Acidic Water

PH 2.0 ~ 3.0

Used to disinfect and sterilize.

2<sup>ND</sup>

Press the Level 2 Acidic Icon for 3 seconds.

### TURBO Strong Alkaline Water

PH 11.0 ~ 12.0

Used to remove stains from clothes and carpet.

3<sup>RD</sup>

Press the Level 3 Alkaline Icon for 3 seconds.

## TURBO

The machine switches to its TURBO function and dispenses water.

*The icon blinks while water is being dispensed.*

Press the blinking icon again to stop dispensing water.

\* While operating the TURBO function, the machine will automatically stop dispensing water after 5 minutes. This feature prevents accidental overflow or flooding.

### Caution

1. The water produced in the TURBO modes is not intended for drinking. Never drink these types of waters.
2. Do not use the TURBO function for purposes other than those indicated on this card.
